Space & Naval Warfare Systems Command Awards Contract

SAN DIEGO — Lockheed Martin Orincon Defense, San Diego is being awarded a \$29,939,766 cost-plus-award-fee contract for engineering services for enhancements to the Integrated Common Processor (ICP) Automation software for Maritime Surveillance Systems. The contractor shall determine the best means to prioritize and develop ICP automation improvements and provide the effort necessary to design, develop, integrate, test, and field these enhancements to ICP Automation in support of the maritime surveillance mission. Work will be performed in San Diego, Calif., and is expected to be completed by April 2010. Contract funds will not expire at the end of the current fiscal year. This contract is a Small Business Innovative Research Phase 3 follow-on and was not competitively procured. The Space and Naval Warfare Systems Command, San Diego, Calif., is the contracting activity (N00039-05-C-0009).
